Silvent 2055-X-SG

Aluminum blow gun 2055-X-SG | Multi laval nozzle X05 - 16.0N - IG3/8

Silvent 2055-X-SG is an air blow gun that has a stainless steel nozzle with patented multi-Laval technology. The nozzle of the air blow gun creates a concentrated jet of air with reduced turbulence, thus enabling a more targeted, effective blowing force. This makes the air blow gun suitable for most types of applications and industries. The blowing force is about five times higher compared to a regular air blow gun which means the work can be done quickly and efficiently. Equipped with a Softgrip handle for greater comfort.
