

SW ISSS30 Impulse tool straight-type

Shut-Off (18 to 30Nm) 6.000 1/min - 6mm
HEX type

swepro SW ISSS30 - The robust impulse tool straight type with a torque range of 18 to 30 Nm is ideally suited for precise screw connections with high repetition accuracy in industrial assembly. The high speed of operation and the quality of the fittings increase productivity in all areas. The non-slip behavior of the tool as well as the low noise and vibration levels reduce health risks for the user to a minimum. The low weight, the isolated handle and the very good balance of the tool allow fatigue-free working, even in confined areas. The shut-off function automatically switches off the screwdriver as soon as the pre-set torque is reached.

Technical data

Item number	783956
Weight	0,86 kg
Weight	0,860 kg
Air consumption	400 l/min
Air connection	1/4 "
Sound	77,9 dB(A)
Max. Operating pressure	6,3 bar
Free speed	5.700 - 6.000 1/min
For screws	M8
Torque Range	18 - 30 Nm
Dimension A:	L=235 mm
Hose diameter (inside)	8 mm
