Silvent 007-R

EPDM laval nozzle

The SILVENT 007-R is part of a completely new generation of safety air guns designed for blowing applications aimed at avoiding scratches on equipment and products. The 007-R is equipped with an energy-efficient Laval nozzle that is part of Silvent's new "Silvent Soft™" series. The air nozzle is specially made in EPDM rubber to minimize the risk of scratches. The product meets the unique combination of demands for a scratch-free surface and high blowing force by applying Silvent's patented Laval technology. Fully compliant with EU Machinery Directive noise limits and OSHA safety regulations. Patented.

Technical data

Item number	720360
Air consumption	19,9 Nm ³ /h
Sound	81 dB(A)
Blowing Power	3,5 N
Air pattern	Laval
