SW 2445 - Maintenance Unit 3/8" 2 piece

swepro 2445 - This 2-part maintenance unit for compressed air and neutral gases offers filters, regulators and lubricator functions, all in one unit. The device is highly efficient in the separation of dirt and water and ensures reliable lubrication. The built-in pressure control valve guarantees constant air pressure at all times. The maintenance unit has a high flow rate to satisfy all the prerequisites for reliable functionality and a long service life of the connected pneumatic equipment.

Technical data

Item number	782600
Adj. Pressure Range	0,49 - 8,34 bar
Max. Service Pressure	9,32 bar
Operating Temp. Range	5 - 60 °C
Drain Capacity	60 ml
Oil Capacity	90 ml
