SW 7733SAM Air Die Grinder

6 mm collet / low speed 3600 1/min

swepro SW 7733SAM - The low speed Air Die Grinder with its 6mm collet and a speed of up to 3,600 1/min is a versatile tool. The applications of the grinder are e.g. grinding, polishing and brushing, as well as the processing of welds and deburring of thin and sensitive materials. You are able to set the free speed of the grinder by an adjustable rotation dial at the top of the shaft. Product advantages of SW 7733SAM are the safety locks of the lever release, the rotating rear exhaust and the insulated soft grip for safe operations.

Technical data

Item number	783742
Weight	0,600 kg
Air consumption	0,099 m ³ /min
Sound	81 dB(A)
Dimensions LxWxH	L: 220 mm
Collet	6 mm
Vibration	1,2 m/s ²
Trigger	lever
