SW 135 Air Die Grinder

3 + 6 mm collet / 35000 1/min

swepro SW 135 - The SW 135 is a handy, compact and extremely robust air die grinder. It is ideal thanks to its smooth running for grinding, polishing and deburring. For starting the SW 135 you have to use the practical roll-release. It has an rear air exhaust hose to protect against turbulence in the workplace. The grinder can operate with a 3mm and 6mm collet.
