SW SP5212 SWEPACT™ Industrial impact wrench

1/2 Zoll - 910 Nm

The SW SP5212 SWEPACT™ industrial impact wrench is a compact model (L: 162 mm; 1/2") with a torque range of 910 Nm within 5 seconds and a maximum torque of 1850 Nm. The short design and the light weight of 2.0 kg considerably reduces the workload for the user. All innovative SWEPACT™ industrial impact wrenches of the series incorporate a completely new type of impact technology. Thanks to the closed design of the patented SWEPACT™ impact wrenches, the service life of the impact wrenches is extended by 80% and their maintenance intervals by 125% compared to the previous models with the twin-hammer impact wrenches. The lubrication via a grease nipple is completely eliminated. In addition, the industrial impact wrenches vibration and noise reduced.

Technical data

Item number	785212
Weight	2,0 kg
Air consumption	0,161 m ³ /min
Air connection	1/4" BSPT
Sound	85 dB(A)
Dimensions LxWxH	L= 162 mm
Max. Operating pressure	6,3 bar
Free speed	7000 1/min
Max. torque	1850 Nm
Vibration	6,5 m/s ²
