SW 2010 Hose reel

10 mm x 15 mm x 10m / self-winding / metal-housing

swepro SW 2010 - The swepro hose reel has a robust metal housing and PU-coated air hose. The installation of the hose reel is due to the swivel wall mount is very simple. Hose reels are used in all industrial sectors, in production lines or in maintenance, in workshops and at tire dealers. A self-winding hose reel reduces the risk of falling through lying around air hoses.
