SW 22015 Hose Balancer - max 1,6m (0,6-1,5kg)

swepro SW 22015 - A swepro balancer is distinguished by their longevity and precision. The balancer features a reliable relief for assembly operations and enables effective workflows. The Balancer is positioned straight over the work area with a solid suspension. On the frontside is a rotatable adjustment of the spring tension, to adjust the resistance on the weight of the towed implement. SW 22015 is suitable for a weight of 0.6 to 1.5kg and has a maximum air hose travel length of 1.5m. [PU HOSE DIA.6.5 X 10MM]
