SW 70C Non-vacuum, vinyl face, clip type orbital sander

93 x 178 mm

swepro SW 70C - This high-performance orbital sander with its light-weight composite housing offers high power and convenient handling. Thanks to the non-slip and vibration damping handle, the clamps for fast exchange of sandpaper and the rearward channelled exhaust, this compact and handy tool is particularly suited for use in the furniture industry, automobile sector and joineries.
